

Name: _____

Week 1: Task 2

Lambing

You will need:

- Nothing!

Task Outline

After watching the video, let's see how much you remember. Complete the questions below as best you can. If you need any help, then watch the video again if you like. To make it easier, these questions are in order as the answers appear!

How many months had it been since the Ewe's were first put in the field with the Ram?

What might you check for on a lamb once it has been born? Name as much as you can!

Why do we spray the lambs with iodine? What colour is the spray? Where part of them do we spray?

How do we identify the Ewe's when we write their information on our board?

What new things did you learn watching this video?
